

Acme Robotics — Product Handbook

Acme Robotics was founded in 2011 in Lyon, France.

The flagship product is the Atlas-7 autonomous lawn mower.

The standard warranty period is 24 months from the date of purchase.

Customer support is available Monday to Friday, from 9am to 6pm.

The Atlas-7 battery provides up to 90 minutes of continuous operation.

Firmware updates are delivered automatically over Wi-Fi every quarter.

The company's headquarters moved to Paris in 2018.
